CREATING AMBIENCE

Why Wood County?

Wood County began with a mission to translate a designer's vision to convert a space into an amazing masterpiece. Bringing the science of carpentry – "Thatchu Shastra" from Kerala and Javanese craftsmanship "Ukir" from Indonesia under a single roof, our made-to-order policy ensures that each piece is unique and handmade with utmost care. We work exclusively with properly treated solid wood like teak, mahogany, etc. to ensure that each masterpiece that we create survives down the ages.

The leverage of advanced technology enables our project management team to provide you with a detailed project plan, specifying checkpoints that starts from the selection of wood until it's delivery on-site. Our timely updates about the work in progress using video-calling facilities and real-time images give you the feeling, that everything happens in your backyard.

How do we collaborate?

In today's hectic world, where life has become fast-paced, we at Wood County respect and value your time. So we have tailored solutions for every possible requirement or indulgence in home decor. Our pre-designed package schemes categorized: **Essential, Elegant and Elite**, offers home furnishing solutions for those who are too busy to get into the tediousness of interior, whether at home or in office.
